VISION

Our company vision is to become a leader within the construction industry. Our focus and effort are continually driven toward constantly improving our reputation as builders known for quality custom residential, commercial and industrial projects.

SKY DREAM PROJECTS PVT. LTD. aims for 'future growth' by strengthening relationships with existing clients, architects, developers, government and private organizations whilst proactively seeking new opportunities nationally.

Management recognize each stage - estimating, tendering and construction - as critical components within the risk management model, but also vital steps toward developing trust with new and existing clients. As a result, we constantly invest in skilled training for our people, improve our estimating and project management departments, and maintain clear links of communication throughout the organization. SKY DREAM PROJECTS PVT. LTD. is committed to the future.

From concept to completion, Sky Dream Projects Pvt. Ltd. Company is a full service management group. We offer our services for design, management and construction of all types of civil, Mechanical and Electrical Projects

SECURITY

Management security for our project operations at site and the resources in transit is paramount. Titan Eye Construction and Engineering Company have established a stringent 'Security Management plan' to take good care of security of its personnel, resources and jobsite. The corporate Security Director establishes security requirements and the level of control based on project location, threats and risks. Security guards have been trained to keep a close watch on possible threats while movement of material/laborer to and from the site.

**SKY DREAM PROJECTS
Pvt. Ltd.**

QUALITY

Our Quality Assurance/Quality Control Policy is to ensure that we deliver our clients a finish product with high degree of conformance to the contract's specifications and all applicable codes and standard, on a zero accident safety record, expected workmanship quality, and within the expected budget and time. The company owners as well as the Program Management Team ensure that our Quality Policy is Attained, maintained and updated. Our QC Plans developed per specific requirements of the project are used ad tools to make this policy possible. Our site team manages internal preparatory meetings in a timely manner so that construction, safety and QC personal can discuss everything first in-house and prepare/ensure completeness of all the perquisites prior conducting of permeating with the client. Our QC Plan shows the procedures as well as generic forms to document the following as minimum:

CQC Daily Report Construction / Progress Daily Report
